

# Ticket Turnback Program

The tournament will once again support The Trauma and Emergency Center at Children's Memorial Hermann Hospital. The first hospital in the Texas Gulf Coast region to have a Level I pediatric trauma center to care for children, it provides 24-hour care to more than 18,000 children in emergency situations each year.

Proceeds from the Ticket Turnback program are donated directly to Children's Memorial Hermann Hospital. Fans are encouraged to return tickets for any session they cannot attend so they may be re-sold, with the entire purchase price being donated to the hospital. *The program has raised over \$245,000 for charity.*

As with the past few years we are anticipating a full crowd in the stadium; with this in mind we ask that you please utilize the Ticket Turnback program for days that you are not planning to attend.

**The Ticket Turnback program is easy:** Just call the box office at 713-527-0345, or email [haley.leffler@usmensclaycourt.com](mailto:haley.leffler@usmensclaycourt.com) and let us know you are not using your tickets for a particular session. We can reprint the tickets on site, so no need to make sure they get back to us.

## Don't have time to call?

Dropboxes will be placed around the grounds where you may turn in tickets for this program. You may even return tickets from an in-progress session if you are leaving early!

Thank you for your continued support!
